### **PROCUREMENT CODE SECTION 2-1191 SOLE SOURCE PROCUREMENT DESIGNATION FC-6992**

This Sole Source request is to engage AT&T Corporation National Information Systems ("AT&T") to procure the telecommunication data analytical services for the City of Atlanta's (the "City") High Intensity Drug Trafficking Areas ("HIDTA") Taskforce program for the Atlanta Police Department (the "APD").

Having conducted an investigation of the available sources regarding the materials and/or services stipulated herein pursuant to section 2-1191 of the City of Atlanta Code of Ordinances, Sole Source Procurement, my findings are the following:

1. AT&T provides services that enable identification and analysis of telecommunications data proprietary to AT&T in support of law enforcement efforts on behalf of the APD.
2. AT&T's analytical services aid the HIDTA Investigative Support Center in accomplishing its mission of providing accurate, detailed and timely tactical and strategic intelligence analysis to drug law enforcement at large.
3. The services of the contractor, AT&T, are unique to the contractor.
4. These services cannot be procured under full and open competition. The project involves acquiring Company proprietary data under proper legal authority in order to support official law enforcement efforts. This data is stored on Company premises and is proprietary in nature. The only access to this data is via a Company management employee. Due to legal requirements of US law and Corporate Privacy rules, no government official or other business entity is allowed un-fettered access to any Company data. There are no alternatives to this provider.
5. The term of service shall be from July 1, 2013 until June 30, 2014.

6. The cost for these services shall not exceed Two-Hundred Thousand Ninety Dollars and Thirty-Six Cents. (\$200,090.36).

I, Adam L. Smith, by the authority vested in me pursuant to section 2-1191, do hereby approve, direct and authorize the sole source procurement to provide professional services to the City, on behalf of the APD.

  
Adam L. Smith
